

Federal Ministry
of Health

Are you looking for multilingual health information?

At www.migration-gesundheit.bund.de
you will find a variety of brochures and
information material in **over 40 languages**
on the German healthcare system and
various health topics.

Healthcare

Knowing where to turn in the event of an illness is essential for receiving prompt and reliable treatment. Find out more about the German healthcare system, outpatient and inpatient care, what to do in an emergency and organ donation.

Health & Prevention

The earlier a disease is detected, the better the chances of successful treatment and recovery. Find out more about prevention and early detection as well as immunisation, exercise and nutrition, child health, pregnancy and birth, sexuality, hygiene, medication, physical and mental health.

We offer the following languages:

English	አማርኛ (Amharic)	عربي (Arabic)
Shqip (Albanian)	中国 (Chinese)	
Български (Bulgarian)	Dansk (Danish)	
دری (Dari)	Eesti keel (Estonian)	
Deutsch (German)	Suomalainen (Finnish)	
فارسی (Farsi)	Français (French)	
Ελληνικά (Greek)	Italiano (Italian)	
Indonesia (Indonesian)		
한글 (Korean)	Gaeilge (Irish)	
日本の (Japanese)	Kurdî (Kurdish)	
Hrvatski (Croatian)	Lietuvos (Lithuanian)	
Latviešu valoda (Latvian)		

Care

People need care and support not only in old age, but also if they have physical or mental impairments. Here you will find information on what to do if you need care, what care services are available and practical tips on care.

Addiction & Drugs

Addictions can lead to significant health problems. They can be caused by a variety of addictive substances. Find out more about the misuse of and addiction to alcohol, tobacco and nicotine, drugs, gambling, medicines, computer games and media.
